

9th May 2024

Dear Parents and Guardians,

As we approach the exam season and the school year draws to a close, we at The Holmesdale School want to take this opportunity to communicate with you on a few important matters.

Respectful Communication

We strive to foster a positive and respectful environment for both students and staff. Open communication between parents and teachers is essential for student success. We kindly request that all communication with our staff, whether in person, by phone, or email, be conducted in a respectful and courteous manner.

The Power of Plates

The school is committed to promoting environmental responsibility and promoting sustainability. In Term 6, we will be implementing a change to how main meals will be served. This will mean all main meals served at lunchtime will be on a plate with traditional cutlery. Plates create a more structured eating environment and creates a more familiar and enjoyable dining experience, similar to what children have at home. Fostering a positive environment during social time is key in building healthy relationships with peers and providing structure and routine for our students.

Exam Success

We understand that exam season can be a stressful time for both students and parents. We want to assure you that our dedicated staff are here to support your child throughout this period. We encourage you to work closely with your child's teachers and refer to the provided revision resources.

Finally, we want to wish all our students the very best of luck in their upcoming exams. We are confident in their abilities and believe they will achieve great things.

Thank you for your continued support.

Yours faithfully

Mr Downey
Head of School
