

21st September 2021

Dear Parent/Carer,

Local PCSO Support

I hope that the return to school has been a positive experience for your child. The atmosphere in school has been fantastic with students representing our **ECCO** values brilliantly. The levels of **engagement** in lessons have been superb with visitors to the school commenting on the high levels of motivation from our students. The **character** and resilience of students is clear to see across the school.

As part of our ongoing work with external agencies we have enlisted the support of the local PCSO to help educate our students when they make mistakes. In school, we record incidents of unkindness on our discriminatory language, racial and bullying log and we will be using this to provide supportive, educational interventions for students in school.

I hope you view this as a positive step to help support students in school and encourage a respectful and cohesive **community** at The Holmesdale School where everyone takes **ownership** for their attitudes and behaviours.

Yours faithfully

Mr A Campbell
Assistant Headteacher
